

SCANPAL EDA71

Enterprise Tablet

The ScanPal™ EDA71 is Honeywell's enterprise-ready tablet that provides real-time connectivity for business-critical applications and efficient data capture capabilities.

As businesses continue to optimize operations, they are searching for flexible enterprise-grade devices that can be used for multiple workflows. The ScanPal™ EDA71 7-inch rugged tablet computer is a great fit for retail, grocery, DSD, field service, transportation, and logistics where a larger screen is desired. The combination of a fast Qualcomm® Snapdragon™ SDM450 8-core processor, a vivid 7-inch Corning® Gorilla Glass® display, robust up-to-date wireless connectivity, two scanner choices, and new accessories make the ScanPal EDA71 the right choice for use cases ranging from line busting at a grocery store, merchandising in DSD, taking inventory at a convenience store, to a field service technician retrieving repair history information.

With its intuitive, modern touchscreen design, the ScanPal EDA71 device is as comfortable and easy to use as a consumer tablet, with all of the advantages of a professional-grade product with the support and lifecycle that are critical for enterprises. Support for Android™ O, P, and Q provides long-term availability of the security updates that are necessary for long product life.

The ScanPal EDA71 is an update of the popular EDA70 tablet and is compatible with all existing accessories. Enhancements include an additional high-performance scanning option, the choice of 2 GB or 4 GB of RAM and 32 GB or 64 GB SSD, a 13-megapixel color camera, and an optional 8850 mAh extended battery.

The ScanPal EDA71 is comfortable to use and carry yet built tough to survive accidental drops and falls.

Honeywell's enterprise-class 7-inch tablet, the ScanPal EDA71, delivers real-time connectivity, fast data capture capabilities, and enterprise-level reliability and protection.

FEATURES AND BENEFITS

New memory options, new scanning options, and a powerful new processor platform coupled with new accessories make the ScanPal EDA71 ideal for a wide range of customer needs.

A new rotating handstrap makes it easy to scan barcodes while holding the tablet with one hand, and convenient to show the screen to a customer.

The carry case with shoulder strap has a "grab and go" design that lets you instantly shift from comfortably carrying the tablet to full use of all functions while still in the case.

The ScanPal EDA71 supports Android O, P, and Q, providing the lifecycle you need.

Enhanced network connectivity capabilities, including 802.11 a/b/g/n/ac, 2x2 MIMO WLAN, Bluetooth® 4.2, and NFC.

A sleek, modern, and contemporary design plus enterprise-grade ruggedness. Built tough to withstand 1.2 m (4 ft) drops to concrete, and 200 0.5 m tumbles.
